Message from the Principal

Dear Readers,

"Educating The mind without educating the heart is no education at all"- Aristotle

Golden years in the school is not about learning the lessons and homeworks but about growing and excelling in every way possible to fit into a fast changing and fast progressing world. Today's change is bigger than the yester years. We are witnessing the unparallel changes in every field, where there is struggle for existence, where the strongest and fittest is appreciated and accepted. We strive to endow the student with the platform, helping them to broaden their horizon and in the process provide them healthy, refined holistic and substantial education. We arm our students with technology supremacy and help them to integrate it with values as we firmly believe that every child has potential to achieve something significant.

DPS Sahibabad under takes the challenging task of moulding the young impressionable minds into valuable assets of society, precious gift of mankind and pride of human race. Our students achieved recognition and success in many events held in this month. Our students had a great learning experience in Khadi Utsav workshop and Founders day was a big hit where they realized that they could make a difference, if an appropriate platform was provided to raise their talent.

In other words of Herbert Hoover, "Children are our most valuable resource. "Let us all focus on helping them develop a healthy routine with a balance of studies, extra curricular activities as well as physical exercise.

Looking forward for a fruitful month ahead with many more reasons to smile.

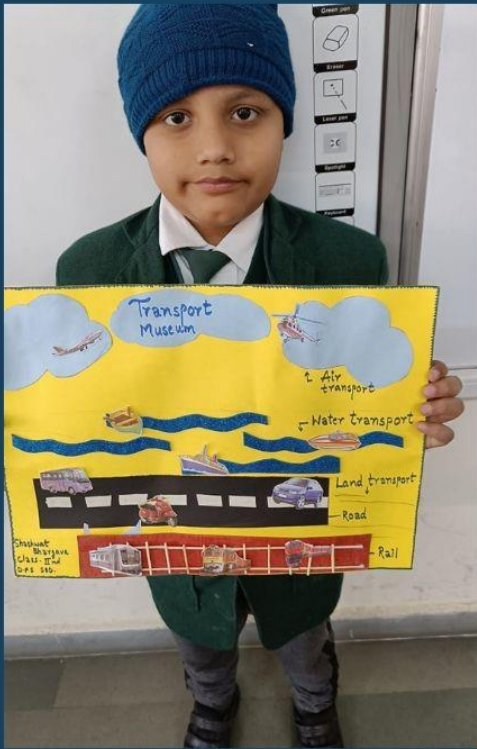

With Warm Regards,

Bhawna Khanna

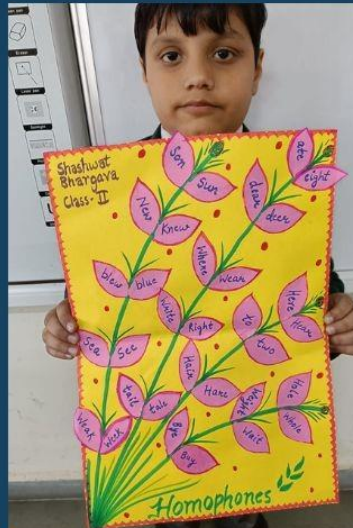

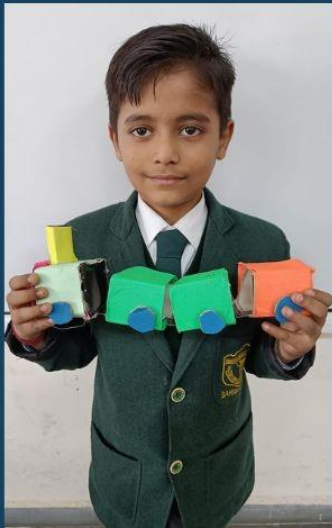

Principal

KHADI UTSAV

Khadi and Charkha are symbolic of India's sense of independence, self reliance and a heritage that is of great historic significance. It has been widely and proudly adopted by Indians as their own. Khadi has adopted itself to modernity too. The Prime Minister of India Mr. Narendra Modi has traced khadi historic relevance from "The Nation to Fashion to transformation".

To make students aware of the importance of khadi students of classes 3,4 and 5 were taken to Khadi Utsav 2023 in Ghaziabad where they not only performed different stage activities like group song and kathak but also got the chance to visit different khadi item stalls present there. It was a fun learning for the students.

HOLI CELEBRATION @ DPSS

TINY TOTS OF NURSERY

Learning, thought, creativity, and intelligence don't just come from the brain alone, but from the entire body. Movement combinations increase memory, order, and sequencing skills. Creating dances also increases self-esteem which is so very important to learning. We already witness the need for children to move throughout the day. Having experienced first hand the positive effects that music and dance have on students' development. Tiny tots of nursery actively participated in the show and rocked with their performance.

PREP GRADUATION CEREMONY

OUR JUNIOR GRADUATES

Our little prep graduate has come a long way! Graduation is a time to celebrate an extremely pivotal milestone in people's lives. The milestone in education is something worth commemorating and enjoying. For a kindergartener's graduation, their day to shine shows the ones they love and all they have accomplished throughout the year. Making the leap from being a preschooler to a kindergartener was big enough, and now all their hard work has paid off. Sending best wishes to them for completing their first year in school is a time you don't want to miss.

GRADE V GRADUATION CEREMONY

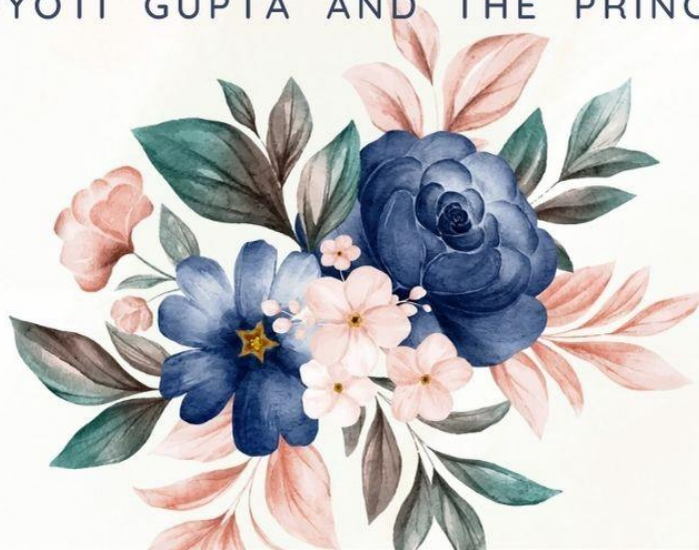

A graduation ceremony for a class of 5th graders is a significant milestone in their academic journey. It marks the end of their primary school education and prepares them for the challenges of middle school.
